"BRONTOSAURUS"

Specially devised by FORKBEARD FANTASY for this year's Lyme Regis FOSSIL FESTIVAL....for two performances only at

The MARINE THEATRE, LYME REGIS.

22nd MAY 1.00pm & 23rd MAY 7.00pm.

Box Office: 01297 442138

Professors Humphrieson and Davidson are presenting their controversial medley of films and theories for their forthcoming world lecture tour. However, much to their consternation, they find themselves increasingly upstaged by sensational fossil 'finds' being noisily delivered to the Stage Door from the top secret Deirdreson Dig outside Charmouth. As the crates are unpacked and their contents assembled, an earth-shattering discovery unfolds before our very eyes.

"BRONTOSAURUS!" is loosely based around the bones and characters who appeared in Forkbeard's 1983 "The Brontosaurus Show".

AND!!!!!!

Premiering during the Fossil Festival in Lyme Regis, Forkbeard's specially commissioned magical installation for the Jurassic Coast World Heritage Site

“THE CABINET of CURIOSITIES”

This wondrous box of tricks, peepshows and miniature cinema explores through science fact, fiction and humour the extraordinary geology, fossils and pioneers of the coast. Commissioned by Dorset County Council it can be seen at Lyme Regis Museum over the weekend of 22 - 24 May. It will then go on to tour other museums along the Jurassic Coast over future months and of course for millions of years to come.
